

Tenure-Track Assistant Professor in Applied Mathematics / Statistics

The [Department of Mathematics and Statistics](#) at Toulouse School of Economics (TSE) has an opening for a tenure-track Assistant Professor position beginning September 1, 2023.

TSE offers an exceptional professional and scientific environment to achieve tenure such as :

- reduced teaching hours, competitive salary,
- high-quality scientific environment in Toulouse,
- strong interaction with the prominent Department of Economics,
- very pleasant working conditions in a major city in south of France, new building in the city center.

Applicants must have a Ph.D. (expected completion by June 30, 2023 acceptable) and show outstanding potential and achievement in research, as well as excellent teaching skills. For full consideration, candidates should submit by **January 16, 2023** the following package :

- cover letter,
- curriculum vitae,
- statements on research (with links to the publications and preprints and a scientific project for the coming years) and teaching,
- ask three references to send their letters by January 23, 2023.

✉ Questions, application, and reference letters should be sent to recruitment-math-junior@tse-fr.eu.
